Letter of Intent

**To Whom It May Concern**

The purpose of this statement is to express my intentions to serve as the National Planning Director for NSMH. To me, success has many faces and until 2019, I did not believe that I would ever be one of them. My perspective has changed significantly since then, thanks to my very first NSMH conference in 2019. Now I hope to finish my degree and embark on what I am confident will be an exciting career in Hospitality. I feel that I am a part of something much larger than getting a degree. I know that graduation and a solid career in hospitality are on the horizon for me. My intention is to positively impact the perception of current and new members alike. It is my hope to effectively showcase the benefits of joining a prestigious organization like NSMH. It is also my intention to graciously serve as a dedicated team member of the National Board.

This position would help enhance my academic and career goals in that it would positively impact my growth and leadership capabilities. This position would afford me the opportunity to be a champion for NSMH and all its members. I have a penchant for service and people, and I would utilize my platform to diligently serve and enhance the personal brand of each member I encounter.
