National Society of Minorities in Hospitality

Dear National Society of Minorities in Hospitality,

I am a sophomore Hospitality Management major at Virginia State University. As I am closing out my second year serving as President of my NSMH chapter and embarking on my third, I wanted to enhance my skills and leadership within the organization by applying for the National Programs Director for NSMH 2022-2023. I am beyond excited to bring more awareness to this organization and the hospitality industry as a whole within the remaining 2 years I have at my university. I believe the many leadership positions I have held and events I have planned for my school and other organizations has prepared me immensely for a role as grand as this one.

Appreciatively,

Amani Sanders
